Education

Bachelor of Computer Application (BCA)
University of Madras | Expected Graduation: 2026 | CGPA: 8.6

Project

[Clock]
March 2025
The **Theme Clock** is a visually appealing digital clock built using **HTML, CSS, and JavaScript**. It displays the current time in a stylish format and allows users to switch between different themes, such as **light mode, dark mode**. The project enhances the user experience with smooth animations and modern UI design.
